Parent / Guardian's name: _____

Your consent is voluntary and can be revoked at any time. If you have any questions, please contact Seedlings at 403.210.0604
Please sign the form at the bottom of the last page.

EDUCATIONAL AND TRAINING PURPOSES - In class pictures and videos

A fundamental component of the Reggio approach to education is documentation. Pictures and videos taken during class or special events are valuable tools for that matter. This documentation will be available to parents and visitors at the preschool on formal or informal open house events.

Pictures and videos are also great tools for internal program evaluation and for training purposes.

I (parent/guardian) of (student), authorize Seedlings to include my child (student) in videos and pictures that will be used internally by the preschool in order to evaluate the quality of the service provided and for training purposes within Seedlings staff as well as for documentation for educational purposes and open house events.

COMMUNICATION WITH FAMILIES

Communication with families: Text - email

On certain occasions and especially during the adaptation period, many parents like to receive communication from teachers regarding how their kids are doing at preschool. A quick and effective way to communicate in those instances is through a picture or short video clip sent by email or text.

I (parent/guardian), authorize Seedlings to send me pictures or short video clips of my child to my email account or my personal cell phone.

Yes No

Communication with families: email - Facebook

Seedlings would like to share some of the work and activities that the kids do at preschool with families through pictures and videos placed on Facebook, sent by email, or through the Seedlings website gallery.

email - Class newsletters and power point presentations.

These communications could include all of the following:

My child's image, name, written comments and work of my child participating in preschool activities.

I (parent/guardian), authorize Seedlings to include my child (student) in class newsletters or power point presentations sent by e-mails, and restricted to my child's class parents / guardians email list.

Yes No

Facebook - Semi-private option.

Only parents from each of the Seedlings classrooms (Strathcona, PBP, Silver Springs and Banff Trail) will be able to access their own semi-private Facebook album.

The purpose of this album is to effectively share with families the activities, projects and work that the children are participating in. Please note that when you authorize your child to be included you will find in the album your child's pictures and videos with

comments and songs. It is also very likely that you find there your child's image with his/her work and name. Finally there may be videos of your child in preschool activities where teachers call him/her by name.

By authorizing Seedlings to include my child in the Semi-private Facebook album I understand that the album could include all of the following:

My child's image, name, comments, work, and video clips of my child participating in all preschool activities.

I (parent/guardian), authorize Seedlings to include my child (student) in the Semi-private Facebook album.
